Grade 6 Overnight Trip Information

Research and experience tell us that off-campus, hands-on experiences when students go away together to cooperate over a period of days, significantly adds to their middle years’ experience. Staying overnight bonds students, allows them to explore curricular topics in great depth, and allows them to develop perspectives and connections that add immeasurably to the classroom experience.

The 6th grade Overnight Trip (Thursday, September 26 - Friday, September 27) is a two-day, one-night trip to Norwalk, Connecticut. The trip focuses on team-building, positive risk-taking, and environment connections to our curriculum. The cost is covered through tuition.

You will receive more information from Tasha Urbanowski, the 6th grade Dean, at Parent Orientation on Wednesday, September 11. However, enclosed in this packet are 3 venue specific forms we ask that you return now:

- Sono Field House Excellence in Action Medical Questions
- Sono Field House Waiver of Liability
- Permission Slip for Overnight at Maritime Aquarium

Please return the forms before September 1 in the enclosed pre-addressed envelope.
