We celebrate the class of 2019 as they graduate and move on to the next chapter of their lives. For these talented and spirited seniors, the end of their Upper School experience is truly a “commencement” as much as a graduation. The broad range of their interests and accomplishments allows them to leave Dwight-Englewood firm in the knowledge that they have succeeded in many ways during their time here. They are well prepared to face their new beginnings in many of the most selective colleges and universities in the country. They have chosen these colleges after significant and focused research, so they also leave with the confidence that they have made smart choices for themselves. We applaud them for their efforts and wish them the very best.
